

Peaks & Troffs

Welcome to the Autumn edition of Peaks and Troffs, It's an insane time of the year with the running of the Shipwreck Coast comp and the Blue fin Tuna turning up in their droves and fishos have not been disappointed. Tuna fishing has been sensational and I hope everyone has been amongst them. I hope you enjoy the newsletter, and if you have any photos or stories please forward them on to jctwaddle@westvic.com.au. Happy Burleying.

Presidents Report

Hello to all. Summer has come to a close sadly enough but it has been a great fishing season. Congratulations to all who caught Tuna, which is helping to put Warrnambool on the big game fishing map.

The club has had a good influx of members over the summer months, which is fantastic. The club has signed off on the concept design for the new shed at the harbor pavilion, which is the 1st step to our own clubroom.

The new website is working well for members and non-members, so I encourage everyone to jump on and have a look. Also don't forget to take advantage of all the links for the weather and fishing reports.

As winter is fast approaching, it is that time of the year when large Salmon and Garfish are along the beaches and rocky outcrops. Lets park the boat, round up the kids and hit the beaches for a lot of fun. Salmon are caught on pilchards and lures and Garfish are caught on sand fleas.

I would like to thank the executive committee for all their hard work. Remember the footprints in the sand, safe fishing.

SHIPWRECK COAST COMP MARCH 2010

The week long competition drew 160 entrants, including 30 juniors, who battled it out across 15 categories.

The weather this year was not pleasant with south easterly's blowing strongly for most of the week. Over the long weekend Goody caught a few Gummy's and Neville Scouller caught a good bag of whiting. These fish ended up winning their respective categories. Goody's gummy weighed in at 13.3kg whilst the best whiting was 680 grams. Dion Vale produced the best Salmon to take out that category while Daniel Hoey snagged a 1.24kg Flathead. In the fresh water Paul Tippett caught some nice Bream the winner being 1.28kg and Jess Rudman caught the heaviest Estuary Perch 1.02kg.

A good number of juniors entered this year, which for the club was very pleasing as this is the direction the club would like to expand on.

Some of the winners were as follows:

Heaviest Salmon- Morgan Fluke 540 grams

Heaviest Bream – Lewis Holland 760 grams

Heaviest Perch - Brandon Dodoro 280 grams

Heaviest Trout – Lewis Holland 840 grams

Heaviest Mullet – Lewis Holland 320 grams

Heaviest Whiting - Darcy Dodoro 440 grams

Heaviest Gummy – Morgan Fluke 2.7 kg

Heaviest Snapper – Monique Jones 1.5 kg

Well done to all the kids who entered and weighed in fish. Hope to see you all next year.

Paul Harry with the snapper that earned him a new rod and \$500 cash after landing this 6.5 kilo snapper off Childers Cove.

Brandon Dodoro with his prize for the heaviest Perch.

Big thanks to our Weigh Master Trev for all his help over the last few weeks weighing in all the Tuna for the club.

PORT MAC 2010

Here's a few good stories from Port Mac which includes the newest boat in the club, Trevor Uebergang's "Whitley Caravan" (the other name we can't mention due to legal reasons) which proved an absolute hit with the Port Mac locals.

Trevor stole the show at Saturday night's presentation Dinner wearing his shower cap and pink dressing gown as he had just jumped out the shower of the "Whitley Caravan". Thankfully the Caravan is more reliable than the old "Reef Runner III".

Rhys Boylan won the golf on the Monday at "Royal Port Mac". Local gun Paul Cawthorne failed to live up to the hype.

Neil Woolstencroft won heaviest Tope (School Shark) for the week.

Trevor Uebergang tried to hook up the "Man Train" while Wooly was fighting his Tope and lost two inches off his rod. He still thinks he's a Spring Chicken.

Rhys Boyle broke Brett Sharps new rod in half. Brett understandably not happy with the skipper of the Book of Mirrors!

Ashley Dance towed his new un-named boat to Port Mac only for it not to see water.

Neil Clarke caught a 40KG Mako Shark, which performed more like a Starfish!

Ashley Dance lost approx. 90KG worth of Mako after a one hour fight due to sabotage by stand in Helmsman Neil Clarke who was trying to win "Slab of the Day"

Neil with his winning 20.8kg School shark

Clarkey with a nice 40 kg Mako

A PORT MAC TRUE STORY

Four blokes spend weeks planning the perfect camping and fishing trip to a remote and disconnected spot. Two days before they are due to leave, Dave's wife puts her foot down and tells him he's not going. His mates are naturally bummed that he can't go, but what can they do, they decide to push on. Two days later the three fellas left in the party arrive at the campsite to find Dave sitting they're with a tent set up, firewood gathered, beer open and fish cooking on the fire.

Steve: 'Damn man, how long you been here and how did you talk your wife into letting you go?' Dave: 'I've been here since last night. Yesterday afternoon I was sitting in my chair and my wife came up behind me and put her hands over my eyes and said 'guess who?' I pulled her hands off and she was wearing a brand new see-through nightie. She took my hand and took me to our bedroom. The room had two dozen roses and raised petals all over. On the bed were handcuffs and ropes! She told me to tie and cuff her to the bed, so I did.' And then she said: 'Do whatever you want.' So here I am.

It appears to be Janine towing the Whitley Caravan to Port Mac with Trev, in the doghouse before he even gets there!

Subject: Fines for Summer

Daniel Hoey – Had his boat impounded by the police for HOON driving up the Merri River. Was caught by Police for doing 50 knots while over taking rowers at Nestles!!

Shane Watts – Was subbed in to the field one fine day for the Wangoom C.C. when apparently came off the fence to take an easy catch but dropped a sitter. The word is that Wattsy read the ball too well and that's why he dropped it. (Not because he's uncoordinated.)

Ashley Dance- Ashley was cranking his Deck Winch when the handle flew off and into the Southern Ocean. He had to wind up the rest of the line using his hands. Dually improvised and transferred fixed handle to winder rendering winch fit for use again
